WHAT IS STUDY ISLAND?

Study Island is a leading provider of affordable, easy-to-use, Web-based standards mastery products.

ALL OF OUR PROGRAMS ARE BUILT FROM STATE STANDARDS

- Web-based instruction, practice, assessment and reporting built for YOUR state's standards
- Rigorous academic content that is both fun and engaging
- Research-based with proven results for all students
- Easy to use (in the lab, classroom, library or home)

Enter your student Username and Password and click **Submit**
(Remember, you must add “@d102” to your Username. For example, bsmith18@d102)

Once logged in Click on the section tab (math, reading, etc.) that you wish to work on. If this is the first time using the program, click “Pretest.” You must complete 10 pretest questions to unlock the rest of the content in that subject. If there is no pretest option or if you have already taken the pretest, you may move on to the other content topics.

To pass a topic, you must meet the passing requirements, which are based on a minimum number of questions answered (usually 10) and a minimum percentage correct (around 70%). A blue ribbon icon is displayed next to all passed topics.

Once you have completed the “Pretest,” you may work through the remainder of the topics in any order. You must “pass” all topics before taking the “Post Test.”

Once you have passed all the topics, you must pass the “Post Test” to complete the subject. Ignore this step if the section has no “Post Test.”

When you pass all topics in all subjects, you have completed the program.
